

MAYA KHADELWAL

Third-Party Risk Management | Vendor Risk | GRC | Cyber Risk

6+ years across financial services, insurance and vendor onboarding | MS Cybersecurity, UNC Charlotte (2026)

Charlotte, NC | Open to relocation | [linkedin.com/in/maya-khandelwal](https://www.linkedin.com/in/maya-khandelwal) | mayakhandelwal.github.io

PROFESSIONAL SUMMARY

Cybersecurity and information security professional with 6+ years across financial services, insurance and vendor onboarding, specializing in Third-Party Risk Management (TPRM), vendor due diligence, inherent and residual risk assessment, and continuous monitoring. Skilled in evaluating vendors through SOC 1 and SOC 2 reviews, ISO 27001, NIST CSF and NIST RMF, and regulatory requirements including GDPR, HIPAA and CCPA. Proven ability to design risk tiering models, inherent risk questionnaires (IRQ), control assessments, remediation strategies and risk registers, while improving incident response and cross-functional risk governance.

Relocated to the U.S. in January 2025 for graduate study and completed an MS in Cybersecurity at UNC Charlotte in May 2026. Currently supporting third-party vendor onboarding at Compass Group.

CORE COMPETENCIES

Third-Party Risk Management (TPRM) | Vendor Due Diligence | Risk Tiering and Risk Scoring | Inherent and Residual Risk Assessment | Vendor Onboarding and Lifecycle Management | SOC 1 and SOC 2 Report Review | Key Risk Indicators (KRIs) and KPIs | Risk Register and Remediation Tracking | Operational Resilience and Business Continuity | NIST CSF | NIST RMF | ISO 27001 | GDPR | HIPAA | CCPA | Continuous Monitoring | Executive Risk Reporting | Contract Security Review

KEY ACHIEVEMENTS

- **142+ third-party risk assessments** delivered across global financial services and insurance, spanning inherent and residual risk evaluation, risk tiering and business criticality classification.
- Scaled vendor onboarding throughput **37%**, from 8 to 11 assessments per 6-week cycle, by deploying Power BI KRI and KPI dashboards and SLA-based escalation paths.
- Improved incident response efficiency **15 to 20%** through playbook optimization and escalation standardization.
- Full TPRM lifecycle ownership across SOC 1 and SOC 2, ISO 27001, NIST CSF and NIST RMF, and GDPR, HIPAA and CCPA, from due diligence and control assessment through remediation and continuous monitoring.

PROFESSIONAL EXPERIENCE

Compass Group - Chartwells Higher Ed | Charlotte, NC | Jul 2025 - Present

IT Specialist, Information Security

- Manage onboarding and ongoing support for multiple technology and operational vendors, ensuring accurate integration with dining systems and customer-facing applications.
- Led third-party onboarding of Grubhub as the incoming robot-delivery vendor, replacing Starship and coordinating the full vendor transition across business, technology and vendor stakeholders.
- Perform data, access and integration reviews across vendor platforms, evaluating data handling practices, identifying control gaps and tracking remediation items through closure.
- Guide non-technical vendor partners through integration and data-handling requirements, and triage recurring service and integration issues with internal technology teams to maintain operational continuity.

LSEG (London Stock Exchange Group) | Bengaluru, India | Oct 2023 - Nov 2024

Information Security Analyst

- Conducted 64+ third-party risk assessments including inherent and residual risk evaluation, identifying vulnerabilities across infrastructure, applications and vendor integrations.
- Performed vendor due diligence questionnaires (DDQs) and SOC 2 report reviews, assessing control effectiveness and compliance with ISO 27001 and internal security standards.

- Monitored and analyzed security systems using the LSEG Due Diligence Centre (LDDC) platform to proactively identify vulnerabilities, threat patterns and compliance gaps.
- Developed and maintained risk registers and remediation tracking, ensuring closure of identified vendor risks within defined SLA timelines.
- Executed continuous monitoring of third-party vendors using BitSight and SecurityScorecard, tracking risk ratings, KRIs and emerging threats.
- Optimized incident response playbooks and standardized escalation paths across the third-party risk function.
- Collaborated cross-functionally with Legal, Procurement and IT Security teams to enable a unified third-party risk management strategy for new and existing vendors.
- Reviewed third-party contracts and security agreements, integrating security clauses and standards through DocuSign and centralized contract workflows.

MetLife | Jaipur, India | Oct 2021 - Sep 2023

Senior IT Associate

- Conducted 78+ vendor risk assessments and due diligence questionnaires (DDQs), including risk tiering, business criticality classification, inherent risk questionnaire (IRQ)-based assessments and residual risk evaluation.
- Delivered Security Assessment Reports (SARs) and maintained risk registers, enabling informed vendor onboarding and risk acceptance decisions.
- Supported the end-to-end TPRM lifecycle, including onboarding, assessment, remediation and continuous monitoring of third-party vendors.
- Rebuilt DDQ intake and SLA-based escalation paths and deployed a Power BI dashboard for KRIs and KPIs, reducing senior-team escalations and enabling on-time closure against defined risk appetite thresholds.
- Implemented risk mitigation strategies for high-risk vendors, including remediation roadmaps, compensating controls and contract-based security clauses.
- Partnered with Legal, Procurement and Data Protection teams to align vendor onboarding with GDPR, HIPAA and CCPA requirements.
- Supported audits and compliance reviews by ensuring accurate documentation, control validation and evidence readiness.

Genpact | Jaipur, India | Nov 2018 - Oct 2021

Process Associate

- Completed HIPAA compliance training and worked with PHI and PII while following privacy rules and secure data handling practices.
- Managed daily team operations, ensuring efficient workflow and timely achievement of information security objectives.
- Supported healthcare operations, processing cases, updating records and keeping turnaround times on track.

EDUCATION

Master of Science, Cybersecurity | University of North Carolina at Charlotte | Charlotte, NC | Jan 2025 - May 2026

GPA 4.0 / 4.0

Focus: Cyber Risk, IT Governance and Policy Strategy

MBA, Finance - Jaipur National University, 2021

M.Com, 2020 and B.Com, 2018 - Maharshi Dayanand Saraswati University, India

TECHNICAL SKILLS

GRC and TPRM Platforms: ServiceNow GRC, Archer GRC, OneTrust, ProcessUnity

Risk and Compliance Frameworks: ISO 27001, SOC 1, SOC 2, NIST CSF, NIST RMF, GDPR, HIPAA, CCPA

Vulnerability, Threat and Monitoring: Nessus, Qualys, LDDC (LSEG Due Diligence Centre), CrowdStrike Falcon, BitSight, SecurityScorecard

Reporting and Contracts: Power BI, DocuSign, Adobe Sign
